

HANDS FREE DOOR PULL

EASILY INSTALLS IN UNDER 5 MINUTES

For Foot Application

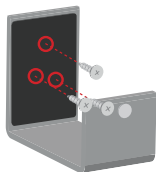

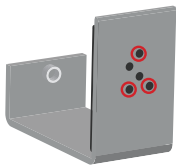

Mount 1/8" from the outer edge of the door and 1/8" from the bottom.

For Arm Application

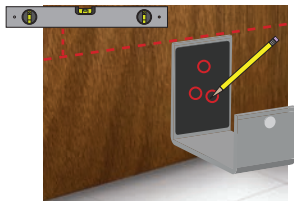

Mount 1/8" from the outer edge of the door.

Step One:

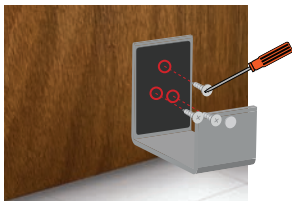

Locate three holes on the rear of the pull and push the provided wood screws through the rubber cushion.

Step Two:

Use a pencil to mark holes on the door at a level position.

Step Three:

Use a screwdriver to secure the pull to the door with the wood screws.
